

Glasgow City Council is holding an online consultation and walk-in session with a design workshop to assess how we can improve movements for sustainable transport through the junction of Battlefield Road / Grange Road / Prospecthill Road and Sinclair Drive.

We are investigating a number of options to improve public transport, pedestrian crossings, and the local environment.

New designs could see the implementation of:

- ◆ New public space and footways
- ◆ New pedestrian crossings
- ◆ Improved public transport
- ◆ Better conditions for cycling

This is to, improve road safety, provide better public spaces and reduce sustainable transport journey times.

Funding for this project is highly dependent on your support and comments.

**Your Area: Langside**  
**Population 29,060**

- 41.04%** do not have access to a car
- 26.1%** travel by bus
- 10.8%** walk regularly to work
- 5.6%** travel by train
- 4.3%** of people travel regularly by bike  
(higher than the national average)
