

Glasgow City Joint Adult Services Plan 2012/13 (Consultation draft)

Your views are very important to us. We would like to hear what you think about this consultation draft of the Glasgow City Joint Adult Services Plan 2012/13. All comments will be considered and will inform the development of the final Plan.

The Glasgow City Joint Adult Services Plan 2012/13 sets out the overall vision for adult and older people's services in Glasgow in order to address the needs and aspirations of vulnerable adults and older people in the City. The Plan summarises specific objectives and priorities for change in the delivery of care and support services across Older People, Adults with Disabilities, Mental Health, Alcohol & Drugs and Homelessness.

You can comment on one section of the Plan or all of them, or you may wish to simply make general comments. When commenting on a specific section, it would help us if you could mention the page number that the text appears on.

If you have any questions about the document or are having difficulty filling out this form please contact the Planning & Performance Team on 0141 287 8744

Stakeholder involvement

20. An Executive Summary of the Plan will be available to provide a brief and accessible outline of the purpose and content of the full Plan.

For future reference, do you think this is the most useful method of ensuring this?

- Yes No Don't Know

Please suggest preferred methods

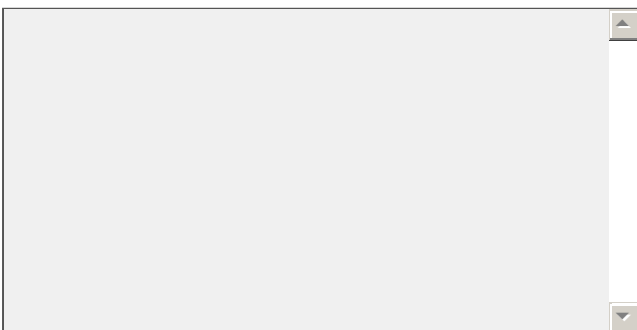

A large rectangular text input field with a vertical scrollbar on the right side, intended for users to provide their preferred methods for stakeholder involvement.

21. It is important that we continue to involve all stakeholders in implementing the plan. (Stakeholders include council and NHS staff, partner organisations, service users, carers, voluntary and private sectors etc)

What would be your preferred method of input into the planning of services?

- Current stakeholder involvement mechanisms allow me to input into the planning of services Alternative methods of involvement would allow me to input into the planning of services (please suggest below) I am not aware of current stakeholder involvement mechanisms

Please suggest preferred method(s):

A large rectangular text input field with a vertical scrollbar on the right side, intended for users to describe their preferred method(s) for input into the planning of services.

Finally....

22. Finally, are there any other comments you would like to make about the Plan or particular parts of the Plan not covered above? (please include page number for reference)
